

ENVIRO CONCRETE STAIN

PERMANENT WATER BASED STAIN

ENVIRO CONCRETE STAIN IS A DEEP PENETRATING PERMANENT WATER BASED STAIN. ENVIRO STAIN IS UV STABLE. IT WILL NOT FADE IN DIRECT SUNLIGHT. IT IS IDEAL FOR INTERIOR OR EXTERIOR APPLICATIONS. ENVIRO STAINS PRODUCE VIBRANT, LONG LASTING STAINS THAT ENHANCE ANY CONCRETE SURFACE.

PRODUCT HIGHLIGHTS

- **UV stable:** Once dry and sealed, the Enviro-Stains remain stable and resistant to weather and sun light for years.
- **A wide range of colors:** The Enviro-Stains at various dilutions and combinations can offer a multitude of colors and shades for any desired effect in beautifying plain concrete surfaces. This includes a true black and white.
- **Ease of application:** The Enviro-Stains do not require any neutralizing or labor intensive scrubbing. Once dry they can simply be sealed. Half of the labor is eliminated.
- **Economical:** The stains cover up to 250-300 Sq. Ft./gal and one coat is usually sufficient.
- **Long shelf life:** The Enviro-Stains can be stored in the original bottle for up to one year with no loss of intensity.

USES

The Enviro-Stains are applied to any clean, cured concrete surface or concrete overlay surface. Once dried and sealed, the various colors that are applied become a permanent part of the concrete with lasting beauty. Great indoors and outdoors!

QUICK LOOK:

Type : Non-acid, polymer bonded concrete stains

Toxicity: Low. Harmful if swallowed

VOC's: Low. Less than 100 gm/L

Flammability: Non-flammable

Composition: Various UV stable coloring agents in an aqueous penetrating polymer binder

Color: Various

Odor: Slight pungent

Coverage: 250-300 Sq. Ft. per gallon

**Coverage rates may vary depending on porosity, texture, application method and prior sealer application. Excess buildup should be avoided.*

ENVIRO CONCRETE STAIN

HOW TO USE:

1. Clean concrete with Super Blue to remove dirt or stains, and CitraPro to remove any oily deposits. Be sure that the surface is free of any sealants or coatings.
2. Apply with a plastic pump-up sprayer. Do not let it puddle. Put down in a circular motion.
3. Allow to dry thoroughly. Drying time will vary according to surface conditions and humidity. A second coat of stain may be applied for a darker coat or the addition of a second color.
4. Allow to completely dry again (min. 24 hours), and apply Enviro WB Sealer or Clear Coat Sealer to enrich and protect your finished project.
5. EZChem EZ-Glo Floor Polish is strongly recommended on interior applications to protect and keep your floor looking new.

CLEAN UP:

Discard brush or application utensil in an appropriate manner, or clean thoroughly with soap and water before product is dry. Dispose of according to local, state and federal regulations.

PRECAUTIONARY STATEMENT:

Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye protection/face protection. Take off contaminated clothing and wash before reuse.

FIRST AID:

IF IN EYES: Immediately flood with water for 15 minutes, lifting both eyelids. If irritation persists, Get Medical Attention.

IF SWALLOWED: Do not induce vomiting. Drink two glasses of water and Get Medical Help Immediately.

IF ON SKIN: Wash with soap and water. Remove contaminated clothing and launder before reuse. If irritation develops, Get Medical Help.

IN CASE OF FIRE:

This product is not flammable.
